

Incident handler's journal

Instructions

As you continue through this course, you may use this template to record your findings after completing an activity or to take notes on what you've learned about a specific tool or concept. You can also use this journal as a way to log the key takeaways about the different cybersecurity tools or concepts you encounter in this course.

Date: July 23, 2024	Entry: 1
Description	Provide a brief description about the journal entry.
Tool(s) used	List any cybersecurity tools that were used.
The 5 W's	<p>Capture the 5 W's of an incident.</p> <ul style="list-style-type: none">• Who: An organized group of unethical hackers• What: A ransomware security incident• When: Tuesday 9:00 a.m.• Where: At a health care company• Why: The incident happened because unethical hackers were able to access the company's systems using a phishing attack. After gaining access, the attackers launched their ransomware on the company's systems, encrypting critical files. The attackers' motivation appears to be financial because the ransom note they left demanded a large sum of money in exchange for the decryption key.
Additional notes	1. How could the health care company prevent an incident like this from

	<p>occurring again?</p> <p>2. Should the company pay the ransom to retrieve the decryption key?</p>
--	---

Date: Record the date of the journal entry.	Entry: Record the journal entry number.
Description	Documenting a cybersecurity incident
Tool(s) used	None listed so far
The 5 W's	Capture the 5 W's of an incident. <ul style="list-style-type: none"> • Who caused the incident? • What happened? • When did the incident occur? • Where did the incident happen? • Why did the incident happen?
Additional notes	Include any additional thoughts, questions, or findings.

Date: Record the date	Entry: Record the journal entry number.
